2026 Product Catalog

Chemicals & Raw Materials for Global Importers

Shanghai Topfine Chemical Co., Ltd.

Est. 2014 · 3 Manufacturing Plants · 5 Warehouses in China · 35+ Countries

About Topfine Chemical

Shanghai Topfine Chemical Co., Ltd. was founded in 2014, dedicated to providing one-stop procurement solutions for chemicals and raw materials to global customers. Our main product lines include organic & inorganic raw materials, food additives, surfactants, pesticides and fertilizers. We operate three in-house manufacturing plants and five warehousing centers in Shanghai, Qingdao, Tianjin, Guangzhou and Nanjing.

Every shipment includes batch-specific Certificate of Analysis (COA), MSDS/SDS and full export documents. Third-party inspection (SGS / Intertek / BV) is available on request.

Product Categories

Aromatic Hydrocarbons (15 products)

Benzene-series and aromatic raw materials for dyes, pharmaceuticals, pesticides and fine chemicals.

Botanical & Plant-Based (0 products)

Natural plant-extracted chemicals for food, cosmetics and pharmaceutical applications.

Surfactants (33 products)

Nonionic, cationic and amphoteric surfactants for detergents, textiles and industrial cleaning.

Coating Curing Agents (8 products)

Curing agents and crosslinkers for coatings, adhesives and composite materials.

Chemical Intermediates (65 products)

Fine chemical intermediates for pharmaceuticals, agrochemicals, dyes and organic synthesis.

Product List

All products below carry verified CAS numbers. Specifications, purity and packaging are customizable. Contact us for a detailed quotation.

Aromatic Hydrocarbons

Product	CAS No.	Description
3-Bromonitrobenzene	585-79-5	-
Product 7782-78-7	7782-78-7	-
Product 95-82-9	95-82-9	-
Product 2717-1	2717-1	-
Product 106-37-6	106-37-6	-
